Product

Guide

July 2025

Editor: Joanna Franks

Welcome to the jam-packed July issue of **New Product Guide**. Grab a long, cool drink and a comfy seat, and read on to discover the newest additions to our Shop!

We've expanded our Seedball range, made it easier to buy some of our most popular cane tips, and added the first of many new print and braille reading books to our collection.

Our gift range – which supports RNIB's vital work – is back too. Treat yourself to delightfully scented toiletries from the RHS Rewilded collection, or treat your dog to a gift from our Crafts range.

We've got plenty for tech lovers too, including new phones from

RealSAM, a dizzying selection of Logickeyboards (large print, braille, dyslexia, touch typing and more!), and the AngelEye, a new scan and read solution.

If you enjoy **New Product Guide**, you might also want to visit the new RNIB Shop blog, where you can read even more about products, advice and interviews: <https://shop.rnib.org.uk/blogs/news>

Until next time, happy shopping!

Some of our products have been specially designed, this means that blind and partially sighted people, or anyone buying on their behalf, will not pay VAT on these products. These products are listed with two prices. If there is only one price, that is the price all customers pay and this will include VAT (unless it's a zero-rated VAT publication). VAT is 20 per cent as of June 2025. We reserve the right to amend prices.

Products are returnable within 14 days of receipt in an 'as new' condition in original, undamaged packaging. This excludes bespoke products and software. Hygiene items cannot be returned unless unopened or faulty. We kindly ask our customers to ensure that any faulty products being returned are packaged securely for stable transit, or the warranty may be voided. Where possible, please use the original packaging.

Scatter ye seed balls while ye may

Good news for the green-fingered or the gardening-curious – our Seedball range has just grown bigger.

Seed balls are incredibly easy to use

Simply scatter on top of soil or compost (no digging or expertise required!) as directed and nature will do the rest.

Each 1cm clay ball contains either wildflower, herb or salad seeds, and chilli powder to deter slugs and snails.

When enough water soaks into the clay, the seed begins to germinate.

Call today 0303 123 9999

XG78

This technique makes it easier to grow native wildflowers which attract bees, beetles, birds and bat-friendly insects to your garden, but also makes it easier for gardeners with sight loss to continue to enjoy their hobby.

Don't miss out on this limited-edition braille art coffee tin!

Indulge yourself with this exclusive collectable coffee tin, designed by the visionary braille artist Mr Dot – The Artist Behind the Dots.

Each tin houses the finest luxury blends of 100 per cent Arabica beans from Colombia, Guatemala, and Ethiopia for a rich, aromatic experience. This reusable masterpiece not only stores your coffee but also serves as a stunning work of art.

This limited-edition collectable Pepita coffee tin by Clarke Reynolds, aka Mr Dot, celebrates 200 years of braille. Mr Dot is known for transforming braille into a vibrant medium, by blending the pop energy of Warhol with the tactile depth of his unique creations.

Born with limited vision and facing progressive sight loss, Mr Dot redefines accessibility in art, inviting both sighted and visually impaired individuals to engage through colour and texture.

Each tactile tin features Mr Dot's signature braille dots spelling out "love", and creating a playful, yet profound, puzzle for art lovers and coffee enthusiasts alike.

This elegant, velvety coffee blend of ground coffee (250g) is made up of eight meticulously selected, top quality arabicas from Central and South America, the horn of Africa and India. It has a fragrant and floral aroma with jasmine and rose petal notes. The full flavour has strong, sweet accents, with very pleasant, barely perceptible acidity and a delicate, lingering aftertaste. Enjoyable at any time of the day.

Go wild and smell fabulous

Reconnect with nature's untamed beauty with the RHS Rewild Collection. These luxurious toiletries are blended with the sweet, earthy fragrance of wild rhubarb and fresh, uplifting notes of mint, or the scent of wild moss with notes of green leaf and jasmine.

Inspired by the spirit of rewilding and the flourishing biodiversity of wild gardens, this Royal Horticultural Society collection captures the essence of a natural sanctuary where butterflies flutter, and flowers, herbs, and grasses grow freely.

Whether you want to enjoy a quick spritz of body mist to refresh you during the day, treat hard-working hands to deliciously scented hand wash or hand cream, or soak away your cares of an evening with the bath and shower gel, the Rewild Collection is the perfect gift for those who cherish natural, unspoiled beauty.

Gifts that are top of the pups!

Treat your four-legged friend to a product from our Crufts range so they know that there are a 12/10 good boy or girl – and you'll also be supporting the work we do at RNIB to make every day better for those affected by sight loss.

Available
by
end of July

We've got products to keep your dog cool on hot days, grooming tools, toys, and more...

Crufts travelpet bowl (hook and water bottle holder)

Keep smaller dogs hydrated while out and about with this collapsible drinking bowl, that includes an integrated water bottle holder.

Carry this small, lightweight bowl in a pocket or clip it to your belt, bag or rucksack using the aluminium carabiner. You can use the flexible loop attachment to carry a water bottle as well. Ideal for smaller dogs who don't need a bulky drinking bowl.

XG92 £5.00

Crufts grooming and de-shedding glove

Make grooming a relaxing experience for both you and your dog with the Crufts grooming and de-shedding glove.

Massage your four-legged friend and collect their hair at the same time! Great for all sizes and breeds, whether long-, short- or curly-haired, it's a quick, gentle and effective way to pet hair away and minimise shedding.

The five-finger design allows you to get deeper into fur, where the silicone grooming tips loosen and lift away hair from both the under coat and top coat. Simply peel the hair off the glove and throw it away.

XG93 £5.50

Crufts bamboo grooming comb

Upgrade your pet's grooming routine with the Crufts bamboo grooming comb.

Crafted from durable, eco-friendly bamboo, it features strong pronged spikes for easy detangling and a smooth finish for added comfort. Plus, it's easy to hang up between uses, keeping your grooming station neat and tidy.

XG94 £5.50

Crufts bone-shaped, bamboo flea comb

Help keep your dog flea-free with this bone-shaped flea comb. Crafted from durable, eco-friendly bamboo, this high-quality flea comb is easy to hold and has strong, precise teeth that are ideal for de-fleaing.

XG95 £5.50

Crufts pet splash sprinkler pad 100cm

Keep your furry friend cool on hot summer days with this pet splash sprinkler pad. Every dog can have their day when you set up this portable water play for them.

This sturdy PVC pad connects to your garden hose to create a fun, non-slip sprinkle zone, that's also cooling on hot days. Easy to set up and fold away, it measures 100cm in diameter and is supplied with a repair kit in case over-excited claws go too far.

XG96 £12.00

Crufts pet cooling mat

Ensure your pet stays cool and comfortable even on the warmest days with this clever cooling mat from Crufts.

Keep your pet cool without electricity, batteries or water – the gel inside the mat begins to cool as soon as your pet sits on the mat. To reset the cooling effect, simply leave the mat unused for an hour.

The mat can also help to make older pets with joint pain more comfortable.

This durable, reusable mat is easy to clean – just wipe clean and dry off. Suitable for use indoors and outdoors.

Available in two sizes: 60 × 45cm – recommended for small breeds; 110 × 70cm – suitable for all breed sizes.

- Crufts pet cooling mat 60 × 45cm
XG97 £18.00
- Crufts pet cooling mat 110 × 70cm
XG98 £21.00

XG97

XG98

Crufts LED adjustable collar with USB cable

Keep your dog safe with the Crufts LED adjustable collar. This USB-rechargeable, adjustable collar is great for ensuring your four-legged friend is visible during night time walks.

The green LED lights on this collar are visible from all angles, making your dog easier to see in the dark.

The 40cm collar is adjustable for smaller dogs – please check your dog's neck is no larger than 40cm.

Supplied with a USB-A to micro-USB cable for recharging. Six to eight hours' runtime on a full charge.

XG99 £7.00

Crufts LED torch with bag dispenser

Perfect for after-dark dog walks, this LED torch has a hidden poop bag holder in its handle, so you're never caught out, when your dog is caught short.

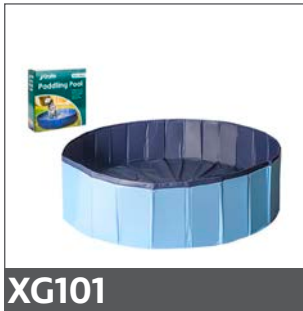

This torch has three bright LED lights to illuminate the path, and help with cleaning up after your dog. It's small enough to fit in your pocket or clip on your belt, and easy to use. You can also use the carabiner to clip the torch to your lead.

The torch is supplied with 40 poop bags and three LR54 batteries.

XG104 £6.00

XG100

XG101

Crufts dog paddling pool

Let your dog make a splash on hot days with a Crufts dog paddling pool.

This paddling pool has reinforced walls, so it's easy to set up, with no inflation required. Use it to keep your furry friend cool on hot days, or even as a (whisper it) dog bath.

The strong PVC material reduces the risk of punctures, while remaining soft and comfortable for your pets.

A drain hole makes it easy to empty when playtime is over, and the pool can be folded away compactly once dry.

Available in two sizes – 80 × 20cm and 120 × 30cm – please ensure the pool is big enough for your dog.

- **Crufts dog paddling pool 80 × 20cm**
XG100 £21.00
- **Crufts dog paddling pool 120 × 30cm**
XG101 £30.00

Crufts pull and treat toy

Crufts pull and treat toy is designed with a powerful sucker that can be attached anywhere to keep the toy fixed and let your pet have interactive play.

This dog toy will help release excess energy and prevent boredom and bad behaviour when your dog is left alone. Simply fill the textured toy with small treats.

The toy can also help in dental health – chewing on the toy can help to clean your dog's teeth and gums, preventing the build-up of plaque and tartar.

Available in two colours, orange or green, this toy is made of durable, non-toxic materials that ensure long-lasting, safe play for your pets. It can be easily disassembled for cleaning, to ensure the toy remains hygienic for playtime.

£10.00

- **Green** **XG105-G**
- **Orange** **XG105-O**

Crufts squeaky plush bird toy

Keep your dog entertained with this squeaky plush bird toy, available in three colours: blue, pink or red.

£10.00

- **Blue** **XG106-U**
- **Pink** **XG106-PK**
- **Red** **XG106-R**

This accessible QR code is a quick way to access our Shop on your smartphone or tablet. Simply point the camera at the code (which has a NaviLens border to make it easier to find) and select the link to the shop that appears once your device has identified the code. We hope it will make shopping with us a little bit easier!

Turtles all the way down

The newest addition to our print and braille books for shared reading is the beautifully illustrated *Little Turtle Turns the Tide* – a story with a strong, positive environmental message for young readers.

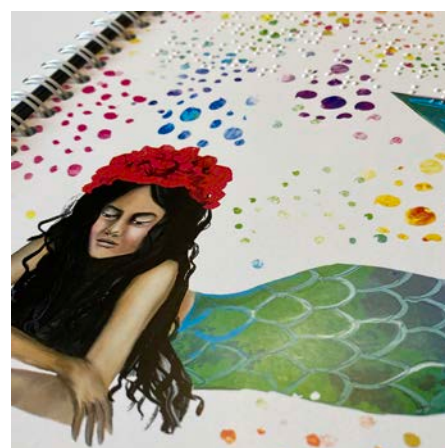

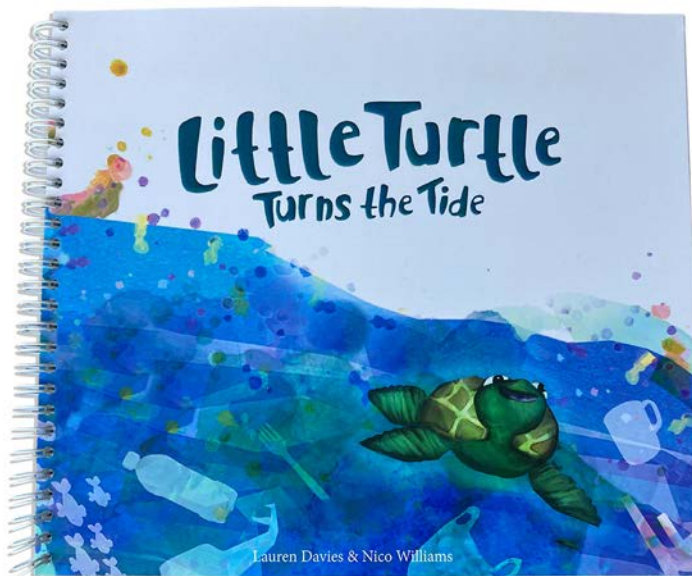

It tells the story of Little Turtle, who finds himself swimming in an ocean of plastic debris and sets off on a journey to make a difference, with the help of his friends and the children of the world.

The original print book by Lauren Davies has been adapted to include braille, allowing the print text and images to be seen as well and the book to be enjoyed by everyone. We have also added image descriptions in braille (for example, 'A slow loris in the trees with a toucan on a lower branch'), to enhance the experience for braille readers.

Available in uncontracted and contracted braille.

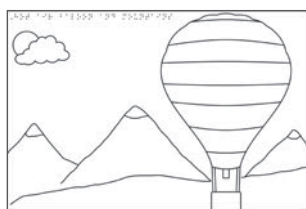

£7.99

- **ET110-G1**
(uncontracted/grade 1 braille).
- **ET110-G2**
(contracted/grade 2 braille).

Be adventurous

Instil the spirit of adventure with this adventure-themed tactile colouring pack. Children can tackle the high seas, travel by plane, boat or hot air balloon, or enjoy a campfire singsong, all without leaving home!

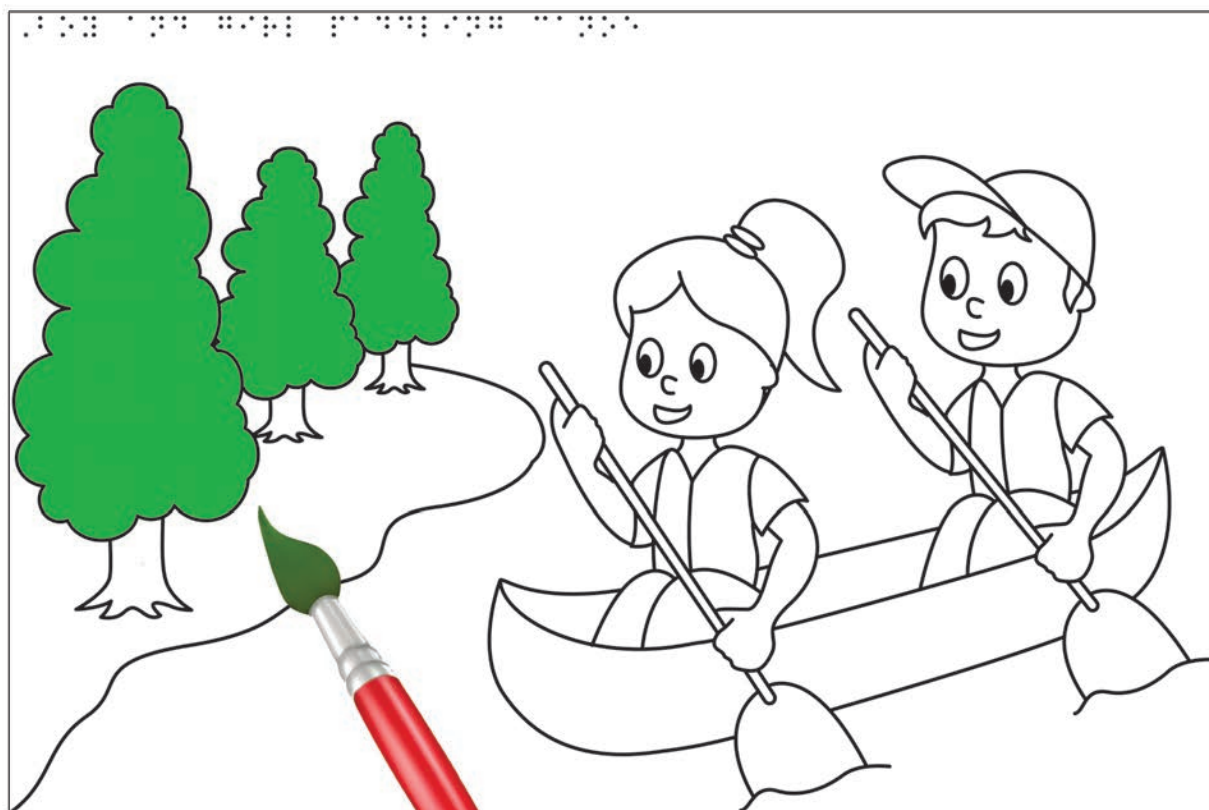

Like all our tactile colouring packs, the 10 raised images can be coloured in using colouring pens, pencils, crayons or paint.

The images are printed (black outlines on white) as well as being tactile. Each page is also titled in uncontracted braille and print.

Pages are loose leaf (unbound) which allows them to be shared, or easily displayed in your household art gallery (whether that's on the fridge, noticeboard or kitchen door).

Logickeyboards – just your type

We're certain that whatever you want in a keyboard, our new Logickeyboards will rise to the challenge – large print, wired or wireless, braille, dyslexia-friendly, or educational (for children or those learning to touch type). You're spoilt for choice!

Large print Logickeyboard

This backlit, large print keyboard makes navigating your computer easier. The dual connectivity keyboard has clear white text on black keys and is available for PC or Mac.

With dual connectivity you can work wirelessly or plug this large print keyboard into your Windows 10/11 PC or Mac to enhance your computing experience and foster active and productive engagement at home or at work. It can also be used with an iPhone or iPad, or connected to two workstations (one corded and another wireless) if required.

This keyboard features bold white text on black keys and backlit keys (dimmable to five levels). It uses a long-lasting rechargeable lithium-ion battery with state-of-the-art battery life for wireless connectivity. If used without the backlight feature the keyboard battery provides energy for months' use before recharge is necessary.

Large print, slimline Logickeyboard for PC

This large print slimline keyboard is designed to deliver a higher level of accessibility for users with low vision and visual impairment. This wired, plug-and-play black keyboard for PC is available with seven colour options.

This keyboard comes with a free LogicLight – simply plug it into one of the keyboard's USB ports to light up your keys. The LogicLight has a touch-sensitive on/off/dimmer switch. Just tap the switch until you have the desired lighting level. This keyboard also has two USB 2.0 High-speed hubs built in for the easy connection of peripherals, for example, memory sticks, a computer mouse, or the LogicLight.

Scissor switch keys provide superior tactile feedback, and flip-out feet allow you to increase the typing angle from 4.5 degrees to 8.5 degrees.

The black keyboard is available with four colour options: white text on black keys; black text on white keys; black text on yellow keys; or yellow text on black keys.

The silver keyboard is available with three colour options: white text on black keys; black text on white keys; or black text on yellow keys.

Large print Logickeyboard mini wireless keyboard

This large print Bluetooth keyboard makes navigating your computer easier. This mini keyboard has large, boldly printed keys and is compatible with Windows 10/11 PCs, or with macOS and iPadOS

Bluetooth connectivity reduces wires on your desk and allows you to work up to 10m (30ft) away from the computer. Depending on usage, the two AAA batteries will keep it powered for up to 6 months.

This mini keyboard is also highly portable and ideal for use at home, school or work. Fits perfectly in a work or school bag.

Logickeyboard braille keyboards

Designed for braille users, these innovative Qwerty keyboards have moulded braille dots in place of print. Choose a wired keyboard for PC, or mini wireless keyboard for PC or Mac.

HK71-PC

Unlike braille sticker solutions, the unique moulded braille dots on the keys will not peel off, making this a durable solution for braille users who want to type on a Qwerty keyboard.

The wired PC keyboard is designed to be robust and reliable, making it suitable for both school and home. It has two built-in high-speed USB hubs to allow easy connection of peripherals, for example, a computer mouse, or memory stick.

The mini Bluetooth keyboards are compatible with either Windows 10/11 PCs or devices running macOS or iPadOS. Work up to 10m (30ft) away from the computer. Depending on usage, the two AAA batteries will keep it powered for up to 6 months. Highly portable and ideal for use at home, school or work. Fits perfectly in a work or school bag.

Logickeyboard dyslexia keyboards

This revolutionary keyboard uses the Dyslexie font to make typing with dyslexia easier. Choose a wired keyboard for PC, or mini wireless keyboard for PC or Mac.

These keyboards not only use the groundbreaking Dyslexie font, carefully designed to enhance readability and relieve the challenges associated with traditional fonts, they also include colour-coded vowels, consonants, numbers and function keys and help the user learn the location of letters, numbers and other keys on a keyboard. With their unique letter shapes and spacing, they significantly reduce letter swapping, making typing a breeze.

The wired PC keyboard is designed to be robust and reliable, making it suitable for both school and home. It has two built-in high-speed USB hubs to allow easy connection of peripherals, for example, a computer mouse, or memory stick.

The mini Bluetooth keyboards are compatible with either Windows 10/11 PCs or devices running macOS or iPadOS. Work up to 10m (30ft) away from the computer. Depending on usage, the two AAA batteries will keep it powered for up to 6 months. Highly portable and ideal for use at home, school or work. Fits perfectly in a work or school bag.

Children's learning Logickeyboard for PC

Introduce your Key Stage 1 and Key Stage 2-aged children to keyboarding and computer skills with this children's learning keyboard. With colour-coded vowels, consonants, numbers, and function keys, this keyboard aids in familiarising users with the layout of a standard high-quality keyboard.

Letters are shown in both lowercase and uppercase to aid learning and inspire keyboard skills and computer literacy from an early age. Designed to be robust and reliable, this keyboard is suitable for both school and home.

Two built-in High-speed USB hubs allow easy connection of peripherals, for example, a computer mouse, or memory stick. Scissor switch keys provide superior tactile feedback, and flip-out feet allow you to increase the typing angle from 4.5 degrees to 8.5 degrees.

HK73-PC £74.90 £89.88

HK73-W

HK73-WO

Touch typing Logickeyboard for PC

Ideal for anyone wanting to master the skill of touch typing. This keyboard helps you to learn how to touch type efficiently by colour coding the alphabet and number keys. Available with numbers and letters, and without.

Logickeyboard's colour coding is a guide to where your fingers should be properly placed to gain the fastest typing speed and helps you to develop muscle memory for touch typing. Mastering touch typing saves time and reduces stress in everyday keyboard tasks, and will increase your typing speed and reduce typing errors.

This colourful keyboard is not just a great training tool, it also looks great on any desk. Two versions are available. One has all the letters, numbers, and common punctuation symbols of a standard keyboard. The other has no letters, numbers or punctuation, and is designed to teach touch typing in a professional environment.

Both versions of this keyboard have white function and arrow keys marked.

HK73-PC £74.90 £95.88

- Touch-typing keyboards with letters **HK73-W**
- Touch-typing keyboards without letters **HK73-WO**

Ready to try a voice-operated smartphone?

RealSAM smartphones have no fiddly buttons or complicated gestures to learn – simply tap the screen and ask for what you want, for example “call Daniel”, “remind me to turn off the oven in 20 minutes” or “what’s the weather like in Norwich today?”.

All designed specifically for people with sight loss, and there are no specific commands or phrases to learn – simply speak in your natural language.

Please note, when you buy a RealSAM phone from us, you are buying an unlocked, SIM-free handset with RealSAM software only – not a phone contract. These phones require a SIM card for calls and texts, and mobile data or wi-fi to operate.

All RealSAM phones come with unlimited customer support from the UK-based RealSAM team (9am-5.30pm, Monday to Friday).

Choose the premium Pocket Plus, the regular Pocket, or the simple RealSAM phone... all available from the end of July.

Available
by
end of July

RealSAM Pocket Plus XC7 lifetime phone

Built with intuitive AI on a streamline Samsung XCover 7 handset, this premium, voice-operated mobile phone offers seamless functionality without needing to see the screen. From reading your mail to identifying objects and managing calls, it gives you every tool you need to stay independent.

Pocket Plus is multi-functional – use it for hands-free calling and texting, entertainment, and for dedicated assistance tools, such as object

identification, and reading printed or handwritten text (including expiry dates) aloud. You can ask the Sight Assistant to describe any text or image, and ask questions about what it can see, too.

Pocket Plus gives you access to thousands of audiobooks, and talking newspapers and magazines via RNIB Library and RNIB Newsagent. You can also use it to listen to your favourite podcasts.

Other features include: set voice reminders for appointments or tasks; get directions or weather updates; video magnifier; use WhatsApp and Be My Eyes.

- Connectivity: 5G, Wi-fi, Bluetooth, dual nano-SIM.
- Memory: 128GB storage.
- 50MP camera.
- Waterproof (IP68 rated)
- Ultra bright 6.6-inch display.

HM102 £1,499.00 £1,798.80

RealSAM Pocket XC5 lifetime phone

Packed with features and simple to use, RealSAM Pocket is built on a Samsung xCover 5 handset and is designed to be used without sight. From reading your mail and managing calls, to streaming audio and checking the weather, it gives you tools to stay independent.

Pocket is multi-functional – use it for hands-free calling and texting, entertainment, and for dedicated assistance tools, such as reading printed

or handwritten text aloud. It also gives you access to thousands of audiobooks, and talking newspapers and magazines via RNIB Library and RNIB Newsagent, as well as your favourite podcasts.

Other features include: set voice reminders for appointments or tasks; get directions or weather updates; video magnifier; use Be My Eyes.

- Connectivity: 4G, Wi-fi, Bluetooth, nano-SIM.
- Memory: 64GB storage.
- 16MP camera.
- Waterproof (IP68 rated)
- 5.3-inch display.

HM103 £799.00 £958.80

RealSAM A05 lifetime phone

RealSAM's simplest phone, this voice-operated mobile phone is built on a Samsung A05 handset and allows you to call or text using only your voice.

You can also use it to set voice reminders for appointments or tasks; check the weather; magnify text to make it easier to read; and use Be My Eyes.

- Connectivity: 4G, Wi-fi, Bluetooth, dual nano-SIM.
- Memory: 128GB storage.
- 50MP camera.
- 6.7-inch display.

HM104 £499.00 £598.80

Our CloverBook range just got bigger

If the CloverBook Plus featured in January's New Product Guide piqued your interest, but it wasn't quite right for you (too expensive, not enough features, not quite big enough...), you'll be pleased to hear we've added five more CloverBook siblings to our range.

All five use an ultra HD 4K 60fps camera to produce high quality images which you can zoom and pan around on. The lightweight design enables you to take your CloverBook with you wherever you go, while the integrated foldable arm allows you to quickly set the magnifier up as a desktop device with room to write underneath it, if required. These magnifiers can be used in educational and work settings for reading and writing at a desk and viewing whiteboards (except the Lite and Lite Plus). All of them have 4GB internal storage.

Check the main features of each magnifier to find the perfect CloverBook for you...

CloverBook Lite

- Video magnifier with 12.5-inch screen.
- Magnification range: 1× to 60×.
- Reading area: up to A4 width.
- Reading and writing guides.
- 17 colour combinations.
- Freeze frame.
- Tactile controls.
- Size: 37.8 × 26.2 × 25.8cm (open); 37.8 × 26.2 × 4cm (folded).
- Weight (with battery): 2.4kg.
- Replaceable Li battery: Run time – 4.5 to 5.5 hours; charge time – three hours.

HC137 £1,495.00 £1,794.00

CloverBook Pro

- Video magnifier with 12.5-inch screen.
- Magnification range: 1× to 60× (near view); up to 18× (at 5m distance view).
- Full A4 OCR and text-to-speech.
- Reading area: up to A4 length (portrait orientation).
- Reading and writing guides.
- Self-view (mirror) and distance viewing.
- Split-screen view.

- Automatic live view perspective correction.
- Reformatted text views of captured document.
- HDMI output to larger screen.
- Mini HDMI input (to use as additional laptop screen, camera etc).
- Document export/import via USB.
- 17 colour combinations.
- Freeze frame.
- 4GB internal storage.
- Touchscreen.
- Tactile controls.
- Size: 37.8 × 26.2 x 25.8cm (open);
37.8 × 26.2 x 4cm (folded).
- Weight (with battery): 2.4kg.
- Replaceable Li battery: Run time –
4.5 to 5.5 hours; charge time – three hours.

HC138 £2,375.00 £2,850.00

CloverBook XL Lite

- Video magnifier with matt 15.6-inch HD screen.
- Magnification range: 1× to 88×.
- Reading area: up to A4 width.
- Reading and writing guides.
- 17 colour combinations.
- Freeze frame.

- Touchscreen.
- Tactile controls.
- Size: 44 × 32.5 x 32cm (open);

HC141 £2,745.00 £3,294.00

Scan and read in the blink of an AngelEye

This desktop OCR scanner packs a lot of reading power into a small package. The 13MP camera can read documents up to A3 size while the AI software gives fast and accurate text recognition.

The AngelEye desktop reader converts text in newspapers, magazines, and books, as well as on packaging and letters, into audio. It uses intelligent layout analysis to navigate text in newspapers and magazines and AI recognition to improve the speed and accuracy of text recognition.

Choose from three reading modes: manual (press the 'camera' button to take a photo of the text to be read); auto (photo is taken automatically); finger (use your finger to indicate the text you want recognised).

This device has tactile control buttons which allow you to pause playback of the recognised text. You can also choose a male or female voice and adjust reading speed. Audio prompts aid with menu navigation.

You can connect wired or Bluetooth headphones to the reader for privacy or to avoid disturbing others. A handle makes it easy to move the reader from room to room.

The device can be connected to wi-fi (using the AngelEye app to generate a QR code) to allow for software upgrades.

The rechargeable battery gives more than 15 hours' use on one charge, and the device enters sleep mode after five minutes of inactivity. When the battery level dips below 10 per cent, the device broadcasts a low battery reminder.

HT423 £1,299.00 £1,558.80

RNIB Products and Advice Centres

Our Products and Advice Centres are open for visits, Teams and telephone consultations by appointment only.

We're available:

London: 9.30am to 4pm,
Monday to Friday.

Edinburgh: 9.30am to 4pm,
Tuesday and Thursday.

Belfast: 9.30am to 4pm,
Tuesday and Thursday.

Our Products and Advice Centres give you the opportunity to view and try products from our range before you buy. We can provide guidance and instructions for use

and set up items so they're ready to use when you get home.

Our Products and Advice Centres carry some stock, and we advise you contact us before visiting to check we have the products you wish to see, and stock of those you wish to purchase.

For items not in stock, our staff and volunteers will be happy to help you contact our Helpline or place an order via our Online Shop.

To book an appointment go to rnib.org.uk/stores (scan this accessible QR code to go directly to the page) or call our Helpline, who'll be happy to make the booking on your behalf.
