Some of our products have been specially designed, this means that blind and partially sighted people, or anyone buying on their behalf, will not pay VAT on these products. These products are listed with two prices. If there is only one price, that is the price all customers pay and this will include VAT (unless it's a zero-rated VAT publication). VAT is 20 per cent as of August 2021. We reserve the right to amend prices.

Stock and Special Order products are returnable within 14 days of receipt in an "as new" condition in original, undamaged packaging. This excludes bespoke products and software. Hygiene items cannot be returned unless unopened or faulty. We kindly ask our customers to ensure that any faulty products being returned are packaged securely for stable transit, or the warranty may be voided. Where possible, please use the original packaging.

Spread your goodwill far and wide

After months of relying on digital communications to stay in touch with friends and family, it's the season to embrace good, old-fashioned cards and letters as well.

Pack of 10 Christmas cards with envelopes

Choose from four festive designs and support the work we do at RNIB to make every day better for those affected by sight loss.

Please note, these are not tactile cards, however the greeting inside is printed in a clear font.

NEW: The dearest reindeer (XC32): Santa's reindeer, wearing their name tags, arranged around Santa, who is giving Rudolph a hug. Text underneath reads 'Wishing you a Happy Christmas'. Christmas card measures 15 × 15cm. Greeting inside reads: Happy Christmas.

NEW: All I want for Christmas is you (XC33): A charming illustration of a cute snowman in red scarf and overlong Santa hat smiling at his Robin friend perching on his twig arm. Text underneath reads 'Sending heartfelt wishes at Christmas'. Christmas card measures 15 × 15cm. Greeting inside reads: Season's Greetings.

NEW: I'll be gnome for Christmas (XC34): An illustrated gnome carrying a large gift-wrapped present, with multi-coloured fairy lights wrapped around his Santa hat and long white beard. His nose and cheeks are pink from the cold! Christmas card measures 15 × 15cm. Greeting inside reads: Happy Christmas.

Spread your goodwill

NEW: Puppy's fireside Christmas (XC35): a traditional fireside festive scene – a Chocolate Labrador puppy lies on a white, fluffy rug in front of a blazing fire. A cosy armchair with a 'let it snow' cushion, gift-wrapped presents and a tree decked with stars and baubles complete the picture. Text in the top right corner reads 'Merry Christmas'. Card measures 15 × 15cm. Greeting inside reads: Season's Greetings.

- £3.95 per pack

Tactile Christmas cards

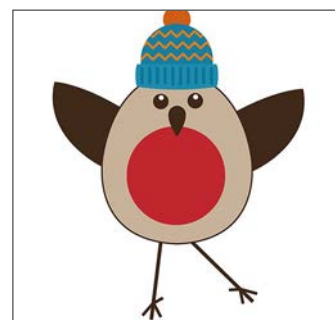

Pick up a pack of 10 tactile Christmas cards with envelopes. Choose from four festive designs with embossed images, braille and print greeting, and a description of the image in uncontracted braille and print.

Cards measure 148 × 210mm, have a matt finish, and no foil or glitter. Greeting inside reads: Season's Greetings.

Reindeer (XC29): Cute white reindeer on a festive green background.

Robin (XC30): Colourful dancing robin in a blue and orange bobble hat on a white background.

Stars (XC31): Four brightly coloured stars dangle on a white background.

NEW: Snowflakes (XC36): One large blue snowflake surrounded by several smaller blue snowflakes on a white background.

Tactile Christmas stickers

Add these colourful, tactile stickers to Christmas cards, envelopes and gift-wrap to make your festive message accessible to braille readers.

Each sticker has an embossed festive image and seasonal greeting in braille and 29pt clear print, and is ideal for cards, presents or even making Christmas decorations.

The pack contains six different stickers: a snowman, Christmas tree, star, holly, Christmas present and bells. Stickers are 7.9cm in diameter.

Berol pens, pack of 12 – black

Whether you keep your festive greetings short and sweet, or like to give a full update on life chez you, our new Berol pens will see you through all your Christmas cards.

Berol Colour Fine pens are long-lasting fibre-tipped pens with a 0.6mm tip and washable black ink. Suitable for detailed colouring as well as writing, the washable ink can be worked off with a wet brush for subtle wash effects.

Berol Colour Broad pens are hardwearing fibre-tipped pens with a 1.7mm tip and washable black ink. These bold, black pens are ideal where large areas of colour are required, but can also be used for both drawing and writing.

Tips on both the Colour Fine and Colour Broad pens will keep fresh without the ventilated cap on for up to two weeks. Not suitable for children under three years of age.

Gifts for bookworms

The perfect partner for any book

Whether you want to give your arms a rest or you need an extra pair of hands while you're reading, this squishy, squashy beanbag book rest is here to help!

The Bookaroo reading rest will hold your book (or phone or tablet) at the exact angle you want on your knee, on the floor or on your desk. Made from the softest leather-effect PU, stuffed with lightweight polystyrene beads and available in three funky colours – orange, turquoise and pink – it's great for readers of all ages.

Prop up a recipe book in the kitchen or a novel in your favourite sun-bathing (or shady) spot in the garden. Rest your phone on your desk or coffee table so you don't miss a single notification. Let a child browse a picture book on your tablet without having to hold the device...

There's even a little zipped pocket with a microfibre lining – use the lining to clean your screen and the pocket to store charging cables.

Straight to the point!

Never lose your place in a book again – use this arrow-shaped copper page marker to point you to the last line you read, and find out what Legolas's elf eyes see, how Katniss overcomes adversity or the fate of Susan Pevensie...

Slip this flexible page marker on to any page to mark your place in style.

Not only is this stylish page marker shaped like an arrow, it has another arrow etched on to the lacquered metal. Use the cut-out arrow shape to highlight where you left off, or the etched arrow to point you in the right direction!

It is a tooth universally acknowledged

... that a reader in possession of a good book, must be in want of a bookmark! And TeethMarks bookmarks are a great gift for reluctant readers and bookworms alike.

Cleverly designed to help children read in bite-sized pieces, these bitey animal designs are great fun for all ages. Choose a hippo or shark design, clip the gentle jaws on to the front cover of your book and let the dangly elasticated tail loop down to keep your place.

This award-winning gift idea fits both hardback and paperback books of all sizes.

Heaven-scent gifts

Christmas wouldn't be Christmas without some smellies in your stocking and these fragranced gifts will bring real class to your festivities.

The Naturally European Ginger & Lime Scented Candle (XG05) is clean-burning, sustainable and kind to your environment. The glass vessel can be recycled when the natural wax candle is finished – each candle gives 40 hours of burn time.

Made in England, this candle is cruelty-free and suitable for vegetarians and vegans. (The formulation is registered by The Vegan Society.)

Or treat hard-working hands to three luxury Aromas Artesanales de Antigua hand creams in our hand cream gift set with three floral fragrances (XG06).

Each hand cream contains shea butter to heal and protect dry hands and has a floral fragrance. Apply a little to hands regularly for beautifully soft, healthy and subtly scented skin.

The set contains 60ml tubes of orange blossom, white jasmine and peony plum hand cream. Pick a different one every day!

The Aromas Artesanales de Antigua range of fragrances is inspired by the lush Guatemalan environment. Orange blossom is wonderfully aromatic and sweet, yet fresh and enticing, while white jasmine has floral notes including hyacinth and lily, and green spring-like undertones for a rich

A gift by any other name

freshness. Peony plum has an indulgent herbaceous, floral scent with hints of patchouli and cedarwood.

Finally, smell as sweet as a rose with the Naturally European Rose Petal Travel Collection (XG09) – the perfect present for anyone who enjoys a little luxury on their travels (or at home).

Contains four 50ml bottles of rose-scented toiletries – shampoo, conditioner, shower gel and body lotion – that are small enough to slot into your hand luggage.

Cruelty-free and suitable for vegetarians and vegans, the formulation is registered by The Vegan Society. Supplied in a fabric drawstring bag to reduce plastic.

Perfect for pampering

Everyone needs to unwind and relax sometimes and these gift sets are perfect for pampering friends and family.

The De-stress self-care gift set (XG04) does what it says on the tin (well, packet) – the lavender and chamomile-scented bath salt soak and bath and body oil will help you soak your cares away.

The Sleepze calming night-time gift set (XG10) is for anyone who needs a little help drifting off to sleep sometimes.

A gift by any other name

This aromatherapy set uses lavender and chamomile essential oils to help calm you at bedtime. So, slip on the silky eye mask, mist your pillow, dab the rollerball essential oil dispenser on pulse points and you'll be well on your way to the Land of Nod!

If you're looking for a rich, fresh floral scent, the White Jasmine soap and candle gift set (XG11) is just the thing.

Created by Aromas Artesanales de Antigua, which was inspired by the lush Guatemalan environment, this gift box includes a white jasmine triple-milled soap bar and an exclusive AAA candle, so you can scent your room while you pamper yourself.

Fine scented white jasmine, floral notes, including hyacinth and lily, and green spring-like undertones give this fragrance a rich freshness. A classic floral fragrance to encourage memories of sunshine-filled mornings.

There's no present like the time!

There are good reasons why watches are popular gifts – they look good, they're practical and you're reminded of the giver every time you check the time.

Gift someone one of our new high-quality touch-activated talking watches this Christmas and you'll be in their good books for years to come!

The RNIB talking watch announces the time at the touch of a button – or when you touch the glass for two seconds. It has a Swiss movement for excellent time-keeping, synchronised voice and hands, and no recessed buttons.

To hear the time in a natural voice, simply press one of the two easy-to-feel pusher buttons or touch the glass for two seconds. You can use fingers, or, if you have one hand occupied, for example, with a cane or guide dog, your cheek to activate the voice.

Easy-to-use, the hands on these watches automatically synchronise to the internal time set, so there is no need to manually set the hands or to rely on someone else to help you. A spoken menu guides you if you need to set the time or date, and if you want to set an alarm.

Available in two sizes and a choice of case colours and straps, these watches have a chrome case and either a soft silicone or genuine leather strap.

Because we want these watches to have a long life, we've used Ion Plating (IP) instead of traditional gold plating to create the gold-finished watches in this range.

CW253-T

There's no present like the time!

In Ion Plating 24K pure gold is applied to the case to create a hard-wearing and durable gold finish. Compared to traditional gold plating, IPG lasts longer, is more durable and more resistant against sweat, and it doesn't discolour within a short period of time. When ion plating is combined with chrome, the result is a durable piece that withstands the rigours of daily use.

The watches have an easy-to-see face and touch-glass activation – simply touch the glass for two seconds, or press the easy-to-feel pusher button at the 2pm position, to hear the time spoken in a natural female voice. For example, "It's eleven twenty am".

Press the button at the 4pm position to hear the date (for example, "Friday, July 9th, 2021"), to adjust the volume (high/low), or to set an alarm.

Please note that you need to touch a large area of the glass surface for touch activation to work, for example, a whole fingertip or your cheek. Tapping it with just the tip of a fingertip may not activate the touch glass. The touch glass works best when the watch is on a wrist, but not so well if it's on a table, for example.

The watch has a quartz Swiss movement with a metal gear and no second hand to ensure faster synchronisation of voice and hands. Because it only has two hands, for hour and minute, synchronisation of voice and hands is much faster than conventional movements with three hands.

Instead of beeps, the watch has a spoken setting menu to help you set the time, date, alarm, and volume.

Let there be lights

The little town of Bethlehem might have had an everlasting light to shineth in it's dark streets, but the rest of us need more practical ways to illuminate our homes. These new additions to our lighting range are great gifts for anyone needing more light.

This magnifying desk lamp is perfect for work, rest and play

Brighten up any task – and bring details into focus – with this flexible magnifying desk lamp. It's not just the goose neck that makes this light flexible – you can also adjust the colour temperature and brightness.

Use this modern desk lamp's flexible goose neck to direct light exactly where you need it – on tax returns, chemistry homework, embroidery, or that unputdownable book. And to bring details into focus, use the 3× 8.3cm diameter magnifying lens built into this light.

You can adjust both the colour temperature (2,800K, 4,000K and 6,000K) and the brightness of the LED lights in this sturdy lamp, using three touch-sensitive buttons on the base.

The 29 LEDs offer a colour rendering index (known as CRI) of 80. This ensures colours are more vibrant, accurate and true and guarantees an even light output.

The magnifier can be protected by a cover when not in use.

- DH452 £49.99

Let there be lights

Light up the room

Get the extra light you want, where you want it, thanks to this rechargeable LED floor light with adjustable brightness and colour temperature.

No need to be tied to a power socket while you're using this sturdy and portable floor light – its 72 energy-efficient LEDs give two to seven hours of light (depending on the brightness setting) before the lamp needs to be plugged in for recharging. It's also a great back-up lamp if you have a power cut!

The weighted base gives maximum stability, and the infinitely adjustable gooseneck allows you to direct light precisely where you want it.

The exceptionally bright LEDs have three brightness settings, allowing you to dim the lamp from 350 to 260 and 130 lumens. You can also adjust the colour temperature of the LED output from warm white eye-care light to extra bright blue-white light (3,000K to 5,000K), making it ideal for reading, working, and leisure activities which need exceptional colour rendering, including jigsaws, crafting and model-making.

The 72 LEDs offer a colour rendering index (known as CRI) of 85+. This ensures colours are more vibrant, accurate and true and guarantees an even light output.

With tool-free assembly and a touch-activated power button, this portable, rechargeable light is as easy to set up as it is to use.

- DH443 £139.00

The desk lamp you can fold away

Get extra light in any room in the house with this portable, rechargeable desk lamp that folds down to the size of a paperback book.

Unfolded, and with its adjustable arm at full length, the Foldi Go is 30cm tall – just the thing for illuminating crosswords, homework, recipe books and hobbies. When you're done, simply slide the arm away and fold the lamp up (the arm is hinged at the lamp head and lamp base for ease). Folded, the lamp measures 11 × 16 × 5cm and can be kept in the supplied carry case (12.5 × 18.3 × 6cm).

Not only can you adjust the arm and the angle of the lamp head, you can also choose from four levels of brightness (up to 1,300 lux at 30cm). The buttons have been designed to be easy to use. A contrasting colour and 'grippy' texture makes them easy to locate; they are raised and indented and provide a 'click' that can be both heard and felt when pressed.

One full charge will give you up to eight hours of consistent and continuous brightness. Use the handy battery power level indicator lights to monitor the charge level at a glance. When not in use, the lamp fully charges in six hours. It is supplied with a USB-C charging cable for easier use.

The Daylight LEDs offer a colour rendering index (known as CRI) of 95+ for perfect colour matching. A high CRI not only ensures colours are more vibrant, accurate and true, but also guarantees an even light output which reduces eyestrain and improves contrast.

The LEDs last at least 50,000 hours, have a very low energy consumption and produce very little heat.

Take a break with our new puzzle books

After all that hard shopping, it's time for a tea-break treat. Warm up your neurons and give your little grey cells a workout with our new large print puzzle books...

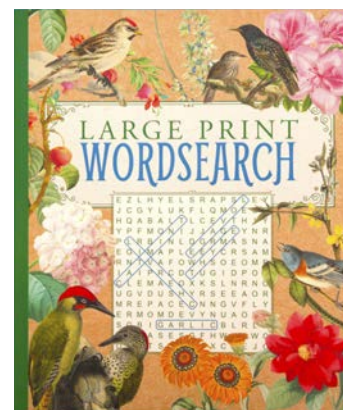

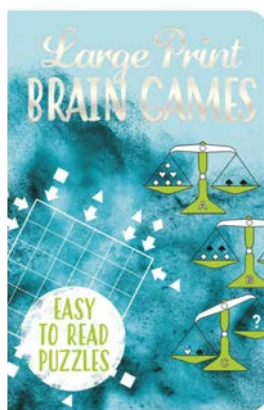

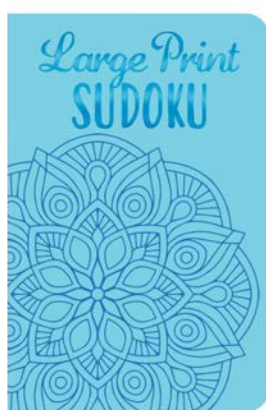

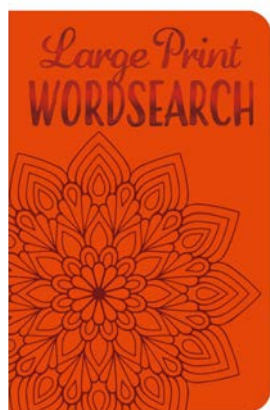

Large Print Brain Training Puzzles contains 84 18-point puzzles with solutions in 14 point at the back, while Large Print Brain Games contains 84 puzzles in various large print fonts (18 to 24 point, except Calcudoku which is 14 point) with solutions in 12 point.

Take a break

Each puzzle takes up two pages, with the puzzle on one page and the instructions on the other. With five levels of difficulty to work through – can you beat the trickiest puzzles in these books?

Large Print Suduko contains 149 puzzles in 23 point font, with solutions in 12 point and an introduction in 16 point. There are five levels of difficulty, from beginners' to expert.

We have two new large print wordsearch books for you. In PZ016 the clues for the 151 puzzles are 17 point font and wordsearch grid letters are in 15 point. Please note, solutions are not large print (9.5 point font).

In PZ018, clues and wordsearch grid letters are in 18 point, with solutions for the 176 puzzles in 12 point.

Good quality paper means minimum ink showing through. (These books were tested with both Berol and Spectrum pens. However, we recommend not using Sharpies in these books.)

RNIB Letter from Santa

Do you know a blind or partially sighted child who would like to write to Santa and receive a letter back in their preferred reading format? RNIB is, once again, pulling on its elf hat and helping out with these requests.

You can send letters to Santa to the following address: Santa Claus, RNIB, Northminster House, Northminster, Peterborough, PE1 1YN. Letters must be received by Wednesday 1 December 2021. Please ensure the following information is included:

- the child's name and delivery address.
- a contact telephone number (in case one of our elves has a query).
- whether the child would like a reply in English or Welsh.
- what format the child requires. Choose from: uncontracted braille (grade 1), contracted braille (grade 2), large print (please specify the font size) or audio CD (please note we can only supply one alternative format copy).

Alternatively, you can send your letter by email and receive an email reply. Contact Santa at santa@rnib.org.uk. Email letter requests must be received by Monday 20 December 2021.

Boots Christmas Gift Guide

It's almost time for the annual roll-out of the brand new Boots Christmas Gift Guide.

If you would like a free copy in braille or audio, please call 03450 708 090 or Minicom 03450 708 091 by Thursday, 14 October 2021.

Please let us know your name, address and the format you need, along with a contact phone number or your email address and let Boots do the rest to make this Christmas a well-deserved festive experience.
