Christmas 2026

Editor: Joanna Franks

Ho-ho-hello and welcome to the 2026 Christmas **New Product Guide!**

Our Christmas shop is open and packed with accessible products – including our inclusive Christmas cards, tactile Christmas stickers, tactile tree decorations, beauty Advent calendars with braille numbers, large print or braille number stickers for Advent calendars, and braille and print editions of all three Gruffalo books – as well as a wide selection of charity Christmas cards, gift wrap, homeware, stationery, beauty and children's gifts.

Every gift bought from us helps blind and partially sighted people, because every penny of profit is ploughed into RNIB's work ensuring everyone with sight loss

has the right support to live the life they choose.

So, when you buy a gift from us, you can know that all our profits go into RNIB services. There are no shareholders to answer to, just blind and partially sighted people benefitting from our ECLOs, Helpline, employment service, the RNIB Library, Talk and Support, and much more.

If you're not quite ready to board the Christmas train, we've got you covered with our Ray-Ban Meta smart glasses, cutting gloves, MirrorPad magnifiers, Shokz OpenDot earbuds, and 2027 large print and braille stationery.

Happy shopping!

How to order from RNIB

Order online at **shop.rnib.org.uk**

Call our Helpline on **0303 123 9999**

Some of our products have been specially designed, this means that blind and partially sighted people, or anyone buying on their behalf, will not pay VAT on these products. These products are listed with two prices. If there is only one price, that is the price all customers pay and this will include VAT (unless it's a zero-rated VAT publication). VAT is 20 per cent as of August 2026. We reserve the right to amend prices.

Products are returnable within 14 days of receipt in an 'as new' condition in original, undamaged packaging. This excludes bespoke products and software. Hygiene items cannot be returned unless unopened or faulty. We kindly ask our customers to ensure that any faulty products being returned are packaged securely for stable transit, or the warranty may be voided. Where possible, please use the original packaging.

Send season's greetings

Share some festive cheer with our charity Christmas cards and don't forget that all our inclusive Christmas cards can be sent via the Articles for the Blind scheme, saving you significant money on postage!

Inclusive Christmas cards (pack of 10)

Our mixed pack of inclusive cards are back, including colour-in cards and Welsh language cards.

Each pack of 10 cards (and envelopes) contains five designs, and each card features a tactile, festive image, giant print and braille greeting, and image description in large print and braille.

These cards have been produced to both Clear Print and See It Right guidelines. The greeting ('Season's Greetings' or 'Cyafrechion y Tymor') is in 24pt (giant print) and the image description is in 20pt (large print).

Our cards are matt finished, with no foil or glitter, and wrapped with a paper band, to reduce environmental impact.

Inclusive Christmas character cards mixed pack (XC73, XC73-W)

Five festive characters – two of each design: Reindeer, Robin, Elf, Snowman, Father Christmas and reindeer. Available in both English (XC73) and Welsh (XC73-W).

Inclusive Christmas essentials mixed pack (XC74)

Five 'essential' festive designs – two of each design: Christmas tree, Sleigh, Stocking, Snowflake and Christmas puppy.

Inclusive religious Christmas cards mixed pack (XC75, XC75-W)

Five religious designs – two of each design: Dove, Stars, Angel, Nativity, Three wise men. Available in both English (XC75) and Welsh (XC75-W).

Colour in your own tactile Christmas cards (XC87)

Each pack contains two each of: Angel, Elf, Reindeer, Father Christmas and reindeer, Snowman. The black outlines of the images are raised and tactile to make them easy to colour in.

Articles for the Blind labels (DP12)

Pack of 100 self-adhesive labels for Royal Mail's "Articles for the Blind" scheme, which enables blind and partially sighted people to send certain items through the post free of charge. Each label includes a space to write your return address, as well the recipient's name and address.

**up to
40 seconds
recording**

Send an audio message this Christmas

This customisable, recordable greetings card is a perfect way to send a personalised audio message for Christmas, birthdays, and any other occasion you can think of.

Record your message (up to 40 seconds) and decorate the plain, white A5 card to suit the occasion, with a photo, drawing or other image. (You could add a tactile image created using embossing film or Tacti-Mark, for example.)

The recording will play as soon as the card is opened and can be kept forever (the button cell batteries can be replaced when necessary). You can also re-record your message as many times as you like to get it just right.

XC88

Charity cards (pack of 10)

Pick up a pack or three of our charity Christmas cards and support the work we do at RNIB to ensure blind and partially sighted people have the right support to live the life they choose. Choose from mixed packs or single design.

Please note, these are not tactile cards, however the greeting inside is printed in a clear font. All cards measure 15 × 15cm and are supplied with envelopes.

These cards are made in the UK, printed with vegetable inks and are completely recyclable (including the packaging).

New for 2026:

Snowy Robin (XC118) – This painting of a fluffy, round robin recalls the beloved illustrations of Raymond Briggs. The friendly, soft-looking bird and the cream-coloured background are speckled with tiny flakes of snow.

Christmas wishes tree (XC119) – Two Christmas trees decorated with dark pink and dark green baubles stand under a night sky on snowy ground. Wintry foliage pokes into the foreground, and golden letters are strung between the two trees that read 'Christmas wishes'.

Christmas tree village (XC120) – Delightful pale pink and pale blue houses stand beneath a navy blue sky dotted with snow, yellow stars and a golden crescent moon. The snow-covered ground in front of the houses is dotted with people and winter-bare trees, and in the centre is a large Christmas tree festooned with golden decorations.

Dogs in the snow (XC121) – One small and one slightly larger terrier dog sit side by side on snowy ground, wearing Santa hats and sharing a red scarf. Behind them are snow-covered trees and hills under a turquoise blue sky, dotted with blobs of falling snow. A full moon hangs over the hills, with reindeer flying in front of it, pulling Santa's sleigh. Dark blue cursive text at the bottom of the image reads 'Wishing you a Happy Christmas'.

Father Christmas (XC122) – This painting of a friendly Father Christmas recalls the beloved illustrations of Raymond Briggs. The round, soft-looking man has rosy cheeks, a button nose and a very bushy beard. Both he and the light grey coloured background are dotted with falling snow.

Highland cow (XC123) – A soft and fluffy highland cow, wearing a floppy Santa hat and peering through a long fringe of auburn fur, is dotted with falling snow.

Cats waiting for Santa (XC124) – Painted in a 'blotchy' style, three watercolour cats – one black, one tabby and white, one ginger – sit with their backs towards you, in a snowy landscape under a night sky filled with stars and snowflakes. Reindeer are pulling Santa in his sleigh towards a large, white crescent moon.

Peace on Earth (XC125) – The white dove of peace flies with wings outspread over a dark dusty pink background, surrounded by white and gold stars. It holds a golden olive branch in its beak, and its body is decorated with green foliage and red berries and flowers. In golden, cursive script beneath the dove is the message 'Peace on Earth'.

Mince spies (XC126) – Don't be spooked by our mince spies... This painting of two trilby-wearing mince pies with slightly anxious faces, a magnifying glass and briefcase marked 'Top secret' is perfect for dads, headline writers and anyone else with a weakness for puns.

William Morris Strawberry thief (XC127) – Inspired by the artist's kitchen garden and the thrushes he found stealing fruit from it, Strawberry Thief is one of William Morris's most popular designs. The thrushes on this card are in warm yellow and pale orange, and pale yellow and green, on a dark blue background, with grey-green and sage green foliage, and scarlet strawberries. A dark blue text box in the middle of the card contains the message 'Merry Christmas'.

Mini Christmas cards

This pack of 20 mini charity Christmas cards with envelopes, featuring four festive character designs, is ideal for school classes, Scout groups, and workplaces.

These colourful Christmas cards feature four colourful character-based portraits with snowy backgrounds: a penguin in a red and white stripey hat with pompom and 'Merry Christmas' placed over his chest; a reindeer with Christmas lights strung on her antlers; a smiling snowman with 'Christmas wishes' placed over his top hat; and Father Christmas with a sprig of holly on his hat.

Cards measure 10 × 7cm each and the greeting inside reads: Merry Christmas and a Happy New Year.

What a treat – meet our limited edition, brailled beauty advent calendar

Countdown to Christmas with our limited edition William Morris 24-day beauty advent calendar with its sumptuous Oak and Willow pattern. We've added clear braille stickers to the doors and a NaviLens code listing what's behind each door to the back, to make this festive gift more accessible.

This striking calendar with its design of red and brown squirrels, autumnal leaves, dark pink bunches of grapes, and twining green branches; gold foil detailing; and pale blue velvet ribbon, opens like a book to reveal 24 doors, each marked by a clear braille number sticker. (The braille stickers may not be directly on top of the print numbers – wherever possible they will be near the door opening to help guide you, in some cases they will be wherever there is space on the door for the sticker.)

Behind the doors are 24 vegan bath and body treats with nine assorted uplifting fragrances, packed

with botanical extracts, shea butter and aromatic essential oils: bath salts 4×40g, hand cream 7×15ml, body cream 1×15ml, bath foam 3×30ml, hand and body wash 4×30ml, fizzers 3×10g, pulse point oil 1×10ml, hand cream 1×30ml. A NaviLens code on the back of the calendar can be scanned to tell you which product is behind each door, and the name of the Morris pattern used in its packaging.

The nine beautiful nature-inspired fragrances in this gorgeous collection of beauty products are: Patchouli and Red Berry with fresh bergamot, amber and sandalwood notes; invigorating Bergamot and Vetiver with sweet orange, lemon and lime; festive Clementine and Clove with toasted cinnamon; Citronella Grass – a medley of wildflowers juxtaposed with the crispness of citronella; aromatic and fruity Green Davana with hints of green herbs fresh from the garden; Iceland 1871 with mild sweet honey-like notes, bergamot, orange blossom, patchouli and leather; Sunlit Tomato – inspired by William Morris's kitchen garden and featuring odour neutralising technology – with notes of tomato leaf, green stems, lime, moss and hints of vanilla; bright, aromatic and herbaceous Purple Basil with notes of basil, tarragon and clove; and calming, Beautiful Sleep with lavender, cedarwood, coriander and vetiver essential oils.

Ho-ho-ho! It's the Gruffalo!

Whether you love the meaningful stories, the irresistible rhymes, or the delightful illustrations, it's no wonder that Julie Donaldson and Axel Scheffler's books are modern classics.

This Christmas, treat someone to our custom braille and print editions of all three Gruffalo books – and throw in an official Gruffalo plush and jigsaw puzzle too!

Fans of the UK's bestselling children's author will find many of her other books have also been brailled (in both uncontracted and contracted UEB), including *The Baddies*, which will be a highlight of Christmas Day TV this year.

Our Ravensburger jigsaw puzzles have large, sturdy pieces for little hands, are made with premium quality materials and feature Axel Scheffler's charming and colourful illustrations.

The plush toys are all officially licensed merchandise and are perfect for snuggling up to at storytime, bedtime and playtime.

Making Christmas child's play

Explore our range of mainstream toys specially selected to appeal to children with vision impairment by stimulating other senses, such as touch, hearing, or smell.

Pop and discover activity cube

The Pop and discover activity cube is a perfect sensory adventure that babies and toddlers can take with them wherever they go. Different sides feature geometric shape sorters, bands for tactile exploration and silicone bubble poppers for sensory delight. This colourful and unique sensory cube provides a huge number of activities all in one innovative toy.

The Pop and discover activity cube is a great way to introduce colours, shapes, textures, and spatial awareness, as well as teaching cause and effect, and helping little ones develop hand-eye coordination and fine-motor skills.

Suitable for ages 18 months and over.

ET141

Cookie jar

This cheerful cookie jar toy has two play modes to help little learners count from one to ten.

In Let's Learn Counting! mode, little ones simply push the nose on the jar and insert one of the 10 numbered cookies with corresponding tactile chocolate chips into the jar to hear the number of the cookie announced.

In the Find It! Quiz mode, learners have three tries to select and insert the correct cookie and be

rewarded with fun phrases. To switch between play modes, simply push the nose again.

Play not only teaches number recognition but build fine motor skills as well. This educational Cookie jar is also perfect to help build little one's confidence and boosts self-esteem, while supporting cognitive development by encouraging your child to think creatively to find the correct cookie, and reinforcing listening and problem solving.

Suitable for ages 18 months and over. Requires 2 × AA batteries (included).

ET142

Telly the teaching time clock

Learning to tell time has never been so much fun! Telly the teaching time clock has two teaching modes to help your child learn to tell both analogue and digital time.

In learning mode, Telly teaches time in five-minute increments by moving the hands and updating the LCD screen. In quiz mode, Telly asks your child to move the hands on its face to match the time displayed on its screen. Telly also functions as a real working clock and as a night light.

For children aged 3 years and over. Requires 3 × AA batteries (included).

ET144

Cupcake shape sorter

This Cupcake shape sorter helps babies and toddlers learn colours and shapes. This sweet treat-shaped sorter with realistic frosting and cherry helps little ones develop fine motor and cognitive skills by

dropping the shaped blocks into the matching holes. The eight shaped pieces (four geometric shapes, four 3D number shapes) store neatly inside.

This toy is designed to cultivate tactile and motor skills, encourage thinking and learning, and develop problem-solving skills. It also builds visual memory, teaches cause and effect, and improves hand-eye coordination

Suitable for ages 18 months and over.

ET143

On-the-go game controller

Wannabe baby gamers will love this fun on-the-go learning toy in the shape of a gaming controller with multiple buttons, roller balls, and tactile wheels play sounds and music. As well as introducing numbers, colours, shapes, and more, this educational toy supports early years development by aiding hand-eye co-ordination, listening and visual skills, fine motor skills, and teaching cause and effect.

This engaging sensory toy plays delightful melodies, includes a light-up LED and sensory activities, and has an automatic shut-off function. A great on-the-go travel toy for age 3+ months. Requires 2 × AA batteries (included).

Fat Brain Little Brainies PlayTab essentials

This portable sensory activity pad for on-the-go play keeps little hands busy with poppable buttons, sliders, and textures – no screens required.

Ten tactile tiles that can be used on their own, or magnetically attached to a wooden board to form a tablet of activities, PlayTab Essentials provides calming, tactile play that builds fine motor skills and focus.

The magnetic connections let little ones mix, match, and snap tiles together for creative layouts and hours of screen-free, independent play at home or on the go.

This lightweight, travel-friendly activity pad has plenty of tactile and auditory features, including poppable silicone buttons; sliders; switches; clicking dials; and textured, squeaky buttons to cultivate focus and fine motor skills, encourage creativity and sensory exploration, and teach cause-and-effect.

Suitable for ages 12 months and over.

ET153

Numberblocks sensory bubble poppers

Help little ones learn to count from one to ten while engaging in sensory play with these 10 silicone bubble poppers shaped like Numberblocks characters.

As little fingers play with these fun, tactile bubble poppers, they build their fine motor skills and practise early maths skills. Each sensory bubble popper represents a Numberblocks character with tactile details, unique colours and recognisable features. These durable poppers come with a key chain, so children can take the number fun wherever they go!

Popper sizes vary from 5 × 7cm to 19 × 12cm.

For children aged 3 years and over.

V&A William Morris coasters / placemats

Elevate your table with a set of four William Morris coasters or placemats – choose one of his most popular designs, Strawberry Thief, or 'Leicester' which features light green scrolling acanthus leaves with an underlay of smaller red, blue, and yellow flowers and foliage (including carnations), on a dark blue background.

Strawberry Thief is one of William Morris's most popular repeating designs for textiles and features the thrushes that the artist found stealing fruit from the kitchen garden of his countryside home, Kelmscott Manor, in Oxfordshire. The pattern of birds, strawberries and flowers is in brown, yellow and shades of green, blue and red on a dark blue background.

Both Strawberry Thief and Leicester complement modern and traditional home decor, with their elaborate floral and foliage motifs and intricate, hand-drawn details.

These cork-backed coasters and placemats are laminated to be heat resistant up to 100C and can be wiped clean with a damp cloth.

Deck the halls...

Add extra seasonal sparkle to your home this year – and every year – with these striking decorations.

Tactile Christmas tree decorations (pack of six)

This pack of six tactile Christmas tree decorations is designed to make everyone's Christmas merry and bright.

Each acrylic decoration has tactile elements to make it inclusive – feel the icing on the gingerbread person, the reindeer's antlers and face, the decorations on the tree, and the stripes on the stocking. The gingerbread person and reindeer are gold-coloured and shiny, while the tree is green with yellow tinsel and blue, pink, red and orange baubles, and the stocking is red with a white scandi-themed pattern and red braille on the stocking top that reads 'presents please'.

The star and bauble are made of clear acrylic with white tactile snowflakes and a seasonal message in black print and see-through, uncontracted braille.

The decorations are supplied with a loop of twine for hanging, but have a generous hole for thread, ribbon or yarn if you want to swap.

Regal Tidings LED light-up and glitter lantern – Santa Claus and train

Bring light to long, winter nights with this decorative red lantern with a snowy winter scene inside a light-up snowglobe – Santa Claus rides on a red locomotive through a snowy forest. The globe has a light-up mode and a musical mode, both of

which make the glitter swirl around. Alternatively, give the lantern a gentle shake to make the glitter swirl around the scene.

Size: 28.5 × 13.6 × 8.1cm. Requires 3 × AA batteries (not included).

GHO06

Regal Tidings LED light-up and glitter train Santa

Stay on track for a magical Christmas with this striking, festive snowglobe. Nearly 25cm long, the vintage-style red and green toy locomotive with Santa Claus figurine inside the illuminated cabin evokes a sense of nostalgia with a modern twist.

The snowglobe cabin has a light-up mode and a musical mode, both of which make the glitter swirl around. Alternatively, give the lantern a gentle shake for a glittering 'snowfall' in the cabin.

Requires 3 × AA batteries (not included).

GHO07

Light-up snowy Santa cabin

Add nostalgic countryside style to seasonal displays with this light-up snowy Santa cabin scene. A snow-covered log cabin sits beneath frosted pine trees, with a 'Welcome to Santa's Cabin' sign and a wreath at the door. A deer figurine stands in the foreground, adding woodland character. The gentle glow from the cabin windows creates a cosy atmosphere, perfect for shelves, mantelpieces, or window displays.

Measures 21 × 16.5 × 9.7cm. Requires 2 × AAA batteries (not included).

New all-terrain cane tip

Ambutech's Curve Tip is a hook-style all-terrain tip for mobility canes that's designed to be used where traditional cane tips struggle – for example, on sand, gravel, grass, or cobbles.

This curved cane tip gives excellent tactile and audible feedback and is designed not to stick in holes or cracks in the pavement. Its long, curved shape makes it particularly useful for following the edges of walls and pavements.

This low-friction Ambutech tip is strong and hardwearing and can be used on all surfaces. (It will still show signs of wear and tear, however.)

Using your voice with the smart glasses you can:

- Read signs, letters, menus and packaging
- Hear a description of shops, streets and what's around you
- Make hands-free video and audio calls
- Send messages and emails
- Get quick answers without taking out your phone.

The Ray-Ban Meta smart glasses have an open-ear speaker in each arm and five microphones

HT443

for voice control and making calls. You can also adjust speaker volume and answer calls using the touchpad on the right arm of the glasses, and use the capture button to take a photo and start or stop video recording.

The smart glasses have a small capture light to let people know when the camera is being used to take a photo or record video.

HT444

You can use the glasses to make video calls to a family member or support person to get additional help with what's in front of you, in addition to using Meta AI to describe what the camera is seeing.

The glasses are supplied with a protective charging case which includes a battery that can recharge the glasses when they are placed inside. The case has a USB-C port that can recharge the case and glasses at the same time. It can be used to recharge your glasses while you are out and about, adding up to 36 hours of use (depending on how you use the glasses). You can buy an extra case for peace of mind.

HT445

To ensure you get the most out of the smart glasses, they come with free set-up assistance and unlimited UK-based help and support from Synapptic for the first year. (If you would like additional training after this, or have already bought the smart glasses elsewhere, a separate one-year package of support is available to purchase).

HT446

Support is primarily provided over the telephone. If needed, support can be provided using TeamViewer to remotely access your phone or tablet, with your consent. This allows Synapptic's trainers to help set up the Meta AI app, connect and configure the glasses, and diagnose and resolve any problems you may be having.

Shokz OpenDots over-ear earbuds

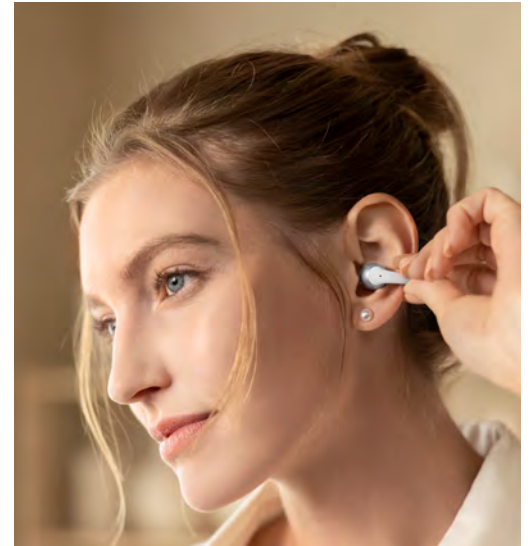

Shokz' new clip-on open-ear headphones are designed for everyday use – allowing you safe, comfortable listening while keeping your ears uncovered for the sounds around you. So, you get great audio while you work out, or during day-to-day life without compromising on safety.

Each OpenDots earbud is shaped like a tiny over-ear headphone and clips on to your ear, allowing the sound of traffic and your music to be heard at the same time. The nickel-titanium JointArc holds the open-ear earbud securely in place, while skin-soft silicone makes it comfortable to wear.

Designed to reduce pressure and be worn with glasses, the earbuds are sweat-resistant, while precise touch controls put you in command.

The earbuds can automatically detect whether they are being worn and will play or pause audio accordingly. You can enable or disable this wear detection feature in the Shokz App. You can also use the app to find one or both earbuds.

Bluetooth 6.1 gives you a quick and stable connection, with a range of up to 33ft (10 meters) and each earbud has dual air-conduction mics for crystal-clear calls.

MirrorPad – a 3-in-1 desktop magnifier

Our new MirrorPad magnifiers do everything you'd expect – magnify your workspace and things at a distance (for example white boards, meeting room monitors, and posters) – they can also be plugged into your smartphone or tablet to magnify them. And if you have an Android device, you can use an app to control it from the magnifier's touchscreen.

Two MirrorPads are available: Plus and Pro (which has extra features including text-to-speech OCR and a split screen function).

Both MirrorPads feature a crystal-clear 17.3-inch, 4K touchscreen; powerful 48MP camera system; and full connectivity with smartphones and tablets to let you easily read and interact with text and images.

Use the touchscreen or the large, tactile, easy-to-see controls to magnify items on your desk, information on a wall or the screen of your tablet or smartphone. There's even an app that allows you to operate Android devices through the large touchscreen. (You can still zoom, pan, switch between portrait and landscape rotation, and use the MirrorPad's enhanced two-colour mode on iOS devices.)

Lightweight, portable, and packed with features, these innovative desktop magnifiers combine powerful magnification, intuitive controls, and advanced connectivity – ideal for use at home, in education, or at work.

Whether you're reading, writing, viewing objects, or interacting with digital devices, the MirrorPad delivers crystal-clear clarity and unrivalled versatility – all in a compact, portable, and wireless design.

Whether you're managing your daily tasks, staying productive at work, or enjoying your favourite hobbies, the MirrorPad gives you the freedom to magnify anything, anywhere. Its advanced technology, user-friendly features, and unmatched portability make it an essential solution for anyone living with low vision.

Perfect for students and professionals, the MirrorPad allows you to view both your desktop workspace and distant subjects – ideal for lessons, presentations, or meetings. It also connects seamlessly to tablets and smartphones, magnifying digital content on its ultra-clear 4K screen for easy reading and interaction. When your work is done, its lightweight build and wireless operation mean it's simple to carry between rooms or locations.

At home enjoy reading newspapers, books, post, or recipes on a large, ultra-high-definition touchscreen. The 17.3-inch 4K matte display provides superb image quality with excellent contrast and vibrant colours. There's ample space beneath the camera for hands-on tasks like sewing, crafting, and hobbies.

Need to magnify your smartphone or tablet? Simply connect your device to the MirrorPad. Android users can even take control of their phone directly from the touchscreen using the MirrorPlay app, offering a new level of accessibility and ease.

Features

- Three-in-one camera system: a 48MP desktop camera and a 48MP telephoto camera, allow close-up magnification, distance viewing, and self-viewing.
- Up to 85× magnification.

- Ultra-HD 4K touchscreen.
- Full-page and portrait modes. Prefer portrait orientation for books or columns? The screen rotates for the perfect view. Use Full-Page Mode to zoom and pan across documents without moving them.
- Lightweight and wireless: Weighing less than 3.6kg with a rechargeable battery, the MirrorPad delivers all the benefits of a desktop magnifier without the cables or bulk – perfect for use throughout your home, at school, or while travelling.
- Connect and control: Plug in your tablet or smartphone to magnify content, adjust contrast, add reading lines, and more. With the MirrorPlay app, Android users can control their mobile directly from the screen.
- User-detachable, replaceable battery pack.
- Battery life: up to 5.5 hours.

MirrorPad Pro additional features

- Can also be connected to a laptop to magnify its screen.
- Scan and read aloud: Built-in OCR and text-to-speech (TTS) technology lets the MirrorPad Pro read printed documents aloud – perfect for reducing eye strain or hands-free reading.
- Split-screen viewing.
